Firm Description

Penny Lane Wealth Management, LLC (“PLWM”) was founded and became a registered as an investment adviser in 2022. Christine Pickering is 100% owner and Chief Compliance Officer.

Types of Advisory Services

FINANCIAL PLANNING

Financial planning services are available for any applicable topics that the Client would like reviewed. Typical topics reviewed may include but are not limited to:

- **Financial goals:** Based on an individual's or a family's clearly defined financial goals, including funding a college education for the children, buying a larger home, starting a business, retiring on time or leaving a legacy. Financial goals should be quantified and set to milestones for tracking.
- **Personal net worth statement:** A snapshot of assets and liabilities serves as a benchmark for measuring progress towards financial goals.
- **Cash flow analysis:** An income and spending plan determines how much can be set aside for debt repayment, savings and investing each month.
- **Retirement strategy:** A strategy for achieving retirement independent of other financial priorities. Including a strategy for accumulating the required retirement capital and its planned lifetime distribution.
- **Risk management plan:** Identify all risk exposures and provide the necessary coverage to protect the family and its assets against financial loss. The risk management plan includes a full review of life and disability insurance, personal liability coverage, property and casualty coverage, and catastrophic coverage.
- **Long-term investment plan:** Include a customized asset allocation strategy based on specific investment objectives and a risk profile. This investment plan sets guidelines for selecting, buying and selling investments and establishing benchmarks for performance review.
- **Estate preservation:** Help update accounts, review beneficiaries for retirement accounts and life insurance, provide a second look at your current estate planning documents, and prompt you to update your plan when the legal environment changes or you have major life events such as a marriage, death, or births.

If a conflict of interest exists between the interests of PLWM and the interests of the Client, the Client is under no obligation to act upon PLWM’s recommendation. If the Client elects to act on any of the recommendations, the Client is under no obligation to affect the transaction through PLWM. Clients have the option to purchase investment products that recommend by PLWM through other brokers or agents that are not affiliated with PLWM. Financial plans will be completed and delivered inside of sixty (60) days contingent upon timely delivery of all required documentation.

THIRD PARTY MANAGERS

When deemed appropriate for the Client, PLWM may recommend that Clients utilize the services of a Third-Party Manager (“TPM”) to manage a portion of, or your entire portfolio.

All TPMs that PLWM recommends must either be registered as investment advisers with the Securities and Exchange Commission or with the appropriate state authority(ies).

After gathering information about your financial situation and objectives, an investment advisor representative of our firm will make recommendations regarding the suitability of a TPM or investment style based on, but not limited to, your financial needs, investment goals, tolerance for risk, and investment objectives. Upon selection of a TPM, PLWM will monitor the performance of the TPM to ensure their performance and investment style remains aligned with your investment goals and objectives.

In such circumstances, PLWM receives referral fees from the TPM. We act as the liaison between the Client and the TPM in return for an ongoing portion of the advisory fees charged by the TPM. We help the Client complete the necessary paperwork of the TPM and provide ongoing services to the Client. Ongoing services include but are not limited to:

1. Meet with the Client to discuss any changes in status, objectives, time horizon or suitability;
2. Update the TPM with any changes in Client status which is provided to PLWM by the Client;
3. Review the statements provided by the TPM; and
4. Deliver the Form ADV Part 2, Privacy Notice and Referral Disclosure Statement of the TPM to the Client.

PLWM does not have discretion or custody of Client funds. Clients placed with TPM will be billed in accordance with the TPM's Fee Schedule which will be disclosed to the Client prior to signing an agreement.

Gradient Investments, LLC (CRD# 141726/SEC#: 801-70812)

PLWM has entered into a Referral Agreement with Gradient Investments, LLC ("GI"). GI is a Registered Investment Advisor registered with the Securities and Exchange Commission that provides investment portfolio advice and supervisory services. Clients can't go directly to GI for advisory services.

GI offers the following actively managed program of mutual fund and stock portfolios:

Managed Portfolios: All client portfolios are managed on a discretionary basis unless otherwise noted. GI offers a variety of managed portfolios primarily utilizing no-load mutual funds, exchange traded funds (ETF), individual equities, and money market funds. GI may also manage subaccounts within a variable annuity. Based on client circumstances, GI may create, recommend, and manage custom portfolios that fall outside the scope of the GI-managed model portfolios. GI offers the following types of managed portfolios.

Strategic & Tactical Portfolios: Strategic & Tactical portfolios tend to be more actively managed with specific asset class, sector, and/or geographic targets, investment objectives and goals.

Allocation Portfolios: Allocation portfolios tend to provide broad client allocations among and within portfolio strategies. These types of portfolios tend to be more passively allocated. (The Buffered Index Portfolio utilizes structured notes to create upside participation with a pre-determined level of downside protection against volatile markets. Clients will be provided specifics for each offering prior to investing.).

Preservation Portfolios: Preservation portfolios focus on price stability and capital preservation over income and growth. Preservation portfolios will utilize liquid assets such as exchange traded funds or money market mutual funds that have the primary focus of maintaining value while providing income.

Client Tailored Services and Client Imposed Restrictions

The goals and objectives for each Client are documented in our Client files. Investment strategies are created that reflect the stated goals and objectives. Clients may impose restrictions on investing in certain securities or types of securities. Agreements may not be assigned without written Client consent.

Wrap Fee Programs

PLWM does not sponsor any wrap fee programs.

Client Assets under Management

PLWM has no assets under management on a discretionary basis, and \$7,543,980.62 assets under management on a non-discretionary basis.

Item 5: Fees and Compensation

Method of Compensation and Fee Schedule

FINANCIAL PLANNING

PLWM charges an hourly fee of \$150 per hour for financial planning. Prior to the planning process the Client will be provided an estimated fee. Financial planning fees will be offset for related advisory services of assets being managed by PLWM. Fees for financial plans are billed 50% advance with the balance due upon plan delivery. Services are completed and delivered inside of sixty (60) days contingent upon timely delivery of all required documentation. Implementation of any recommendations will be at the discretion of the Client. Client may cancel within five (5) business days of signing an Agreement with no obligation and without penalty. Client cancels after five (5) business days, any unearned fees will be refunded to the Client, or any unpaid earned fees will be due to PLWM based on the hours of work expended by PLWM. If the Client terminates the Agreement with PLWM before the Client's written financial plan or analysis is finished, PLWM will deliver completed portions of the financial plan or analysis to the Client.

THIRD PARTY MANAGERS

Gradient Investments, LLC (CRD# 141726/SEC#: 801-70812)

PLWM has entered into a Referral Agreement with Gradient Investments, LLC ("GI"). GI is a Registered Investment Advisor registered with the Securities and Exchange Commission that provides investment portfolio advice and supervisory services.

GI offers an actively managed program of mutual fund and stock portfolios. The fee will be disclosed to the Client in the Investment Advisory Agreement and are negotiable. The Clients fee for these services will be based on a percentage of assets under management as follows:

STRATEGIC PORTFOLIOS			
	Annual Fee	GI	PLWM
All Assets	2.00%	1.00%	1.00%

TACTICAL PORTFOLIOS			
	Annual Fee	GI	PLWM
All Assets	1.80%	0.80%	1.00%

Traditionally, GI's Tactical Portfolio was billed at the same fee as the Strategic Portfolios with a max annual fee of 2.00%. Since GI is the sub-advisor to the Tactical Portfolio and will receive an annual fee of 0.20% from the ETF, GI has reduced its annual fee of the Tactical Portfolio by 0.20% so as not to double dip. The end net fee paid by the Client and the fee received by GI will remain the same.

For example, a Client investing \$100,000 in the GI Tactical portfolio prior to November 2022 would pay an annual fee to GI of \$2,000 or $\$100,000 \times 2.00\% = \$2,000$. After November 2022 the same client would pay GI an annual fee of \$1,800 or $\$100,000 \times 1.80\% = \$1,800$ and pay the internal fees of \$200 or $\$100,000 \times 0.20\% = \200 . For a total of $\$1,800 + \$200 = \$2,000$. The Client pays the same \$2,000 annual fee.

ALLOCATION & DEFINED OUTCOME PORTFOLIOS			
	Annual Fee	GI	PLWM
All Assets	1.70%	0.70%	1.00%

PRESERVATION PORTFOLIOS			
	Annual Fee	GI	PLWM
All Assets	1.00%	0.40%	0.60%

CLIENT DIRECTED ACCOUNTS			
	Annual Fee	GI	PLWM
All Assets	\$300	\$300	\$0

For Client Directed Accounts (CDA), GI will assist in the opening, closing and transferring of accounts. GI will not have discretion at any time on these accounts. Client is solely responsible for the assets held within the accounts and their values which could increase or decrease (potential loss of principal). GI will not execute trades in CDA accounts. GI exceptions will be made for withdrawals to client or assets transferred into a GI managed portfolio. GI will also provide performance reporting on these accounts and can furnish 3rd party analysis reports per the client's request. Similar services may be available through other sources for a lower fee.

These are flat fee schedules; the entire portfolio is charged the same asset management fee.

Example:

Portfolio	Calculation	Quarterly Fee
Strategic Portfolio:	$(\$750,000 \times 2\%) * (91/365)$	\$3,739.73
Tactical Portfolio:	$(\$750,000 \times 1.80\%) * (91/365)$	\$3,365.75
Allocation & Defined Outcome Portfolio:	$(\$750,000 \times 1.70\%) * (91/365)$	\$3,178.77
Preservation Portfolio:	$(\$750,000 \times 1.0\%) * (91/365)$	\$1,869.86

Fee Calculation: (Quarter End Value x Annual Fee %) x (Days in Quarter/Days in Year)
+ **\$15 Quarterly Service Fee***

* The \$15 Quarterly Service Fee is the technology fee charged per account or investment strategy for performance and other reporting. This fee is disclosed in our ADV Part 2A (Item 5: Fees and Compensation) and in our Investment Proposal and Contract (Schedule D: Schedule of Fees).

The above fees are negotiable. Fees are assessed quarterly in arrears based on the amount of the assets managed as of the end of the previous quarter. All management fees are withdrawn from the Client's account unless otherwise noted. GI will receive written authorization from the Client to deduct advisory fees from their account held by a qualified custodian. GI will pay PLWM their share of the fees. PLWM does not have access to deduct Client fees. Clients may terminate their account within five (5) business days of signing the investment advisory agreement without penalty or obligation. For terminations after the initial five business days, GI will be entitled to a pro-rata fee for the days service was provided in the final quarter. GI will pay PLWM their portion of the final fee.

Client Payment of Fees

Fees for asset management services provided by TPM are deducted from a designated Client account by TPM to facilitate billing. The Client must consent in advance to direct debiting of their investment account.

Fees for financial planning will be billed to the Client and paid directly to PLWM. Fees may be paid by check or with credit card.

Pursuant to WAC 460-24A-106 and WAC 460-24A-135, in all instances PLWM will send the Client a written invoice, including the fee, the formula used to calculate the fee, the fee calculation the time period covered by the fee, and, if applicable, the amount of assets under management on which the fee was based and the name of the custodian managing the assets. PLWM will send these to the Client concurrent with the request for payment or payment of the adviser's advisory fees. We urge the Client to compare this information with the fees listed in the account statement.

Additional Client Fees Charged

Custodians may charge transaction fees other related costs on the purchases or sales of mutual funds, equities, bonds, options and exchange-traded funds. Mutual funds, money market funds and exchange-traded funds also charge internal management fees, which are disclosed in the fund's prospectus. PLWM does not receive any compensation from these fees. All of these fees are in addition to the management fee you pay to PLWM.

Prepayment of Client Fees

Fees for financial planning are billed 50% in advance with the balance due upon plan delivery.

If the Client cancels after five (5) business days, any unearned fees will be refunded to the Client, or any unpaid earned fees will be due to PLWM.

PLWM will provide an invoice to the Client showing the amount of earned fees retained by the PLWM and the amount of fees returned to the Client.

External Compensation for the Sale of Securities to Clients

PLWM does not receive any external compensation for the sale of securities to Clients, nor do any of the investment advisor representatives of PLWM.

Item 6: Performance-Based Fees and Side-by-Side Management

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

PLWM does not use a performance-based fee structure because of the conflict of interest. Performance based compensation may create an incentive for PLWM to recommend an investment that may carry a higher degree of risk to the Client.

Item 7: Types of Clients

Description

PLWM generally provides investment advice to individuals, high net worth individuals, trusts or estates. Client relationships vary in scope and length of service.

Account Minimums

PLWM does not require a minimum to open an account. GI has a minimum account value, per client, household, or institutional account of \$25,000 for the Preservation portfolios and \$50,000 for the Allocation portfolios. The Strategic and Tactical portfolios have an account minimum of \$100,000. GI at its sole discretion may accept accounts of a lesser value.

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

TPMs utilized by PLWM may use various methods of analysis to determine the proper strategy for the Client referred and these will be disclosed in the TPM's Form ADV Part 2. Investing in securities involves risk of loss that Clients should be prepared to bear. Past performance is not a guarantee of future returns.

In developing a financial plan for a Client, PLWM's analysis may include cash flow analysis, investment planning, risk management, tax planning and legacy planning. Based on the information gathered, a detailed strategy is tailored to the Client's specific situation.

Investment Strategy

The investment strategy for a specific Client is based upon the objectives stated by the Client during consultations. The Client may change these objectives at any time by providing written notice to PLWM. Each Client executes a Client profile form or similar form that documents their objectives and their desired investment strategy.

Security Specific Material Risks

All investment programs have certain risks that are borne by the investor. Our investment approach constantly keeps the risk of loss in mind.

GI's investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks and should discuss these risks with PLWM and GI:

- **Interest-rate Risk:** Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- **Market Risk:** The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- **Inflation Risk:** When any type of inflation is present, a dollar today will buy more than a dollar next year because purchasing power is eroding at the rate of inflation.
- **Currency Risk:** Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- **Reinvestment Risk:** This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e., interest rate). This primarily relates to fixed income securities.
- **Business Risk:** These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- **Liquidity Risk:** Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, treasury bills are highly liquid while real estate properties are not.
- **Financial Risk:** Excessive borrowing to finance a business's operations increases the risk of profitability because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.
- **Options Trading:** The risks involved with trading options are that they are very time sensitive investments. An options contract is generally a few months. The buyer of an option could lose his or her entire investment even with a correct prediction about the direction and magnitude of a particular price change if the price change does not occur in the relevant time period (i.e., before the option expires). Additionally, options are less tangible than some other investments. An option is a "book-entry" only investment without a paper certificate of ownership.
- **Structured Notes Risk:** The risks involved with using structured notes are credit risk of the issuing investment bank, illiquidity, and there is a risk to the pricing accuracy as most structured notes do not trade after issuance.

The risks associated with utilizing TPMs include:

- **Manager Risk**
 - TPM fails to execute the stated investment strategy
- **Business Risk**
 - TPM has financial or regulatory problems

- The specific risks associated with the portfolios of the TPMs are disclosed in the TPM's Form ADV Part 2.

Item 9: Disciplinary Information

Criminal or Civil Actions

PLWM and its management have not been involved in any criminal or civil action.

Administrative Enforcement Proceedings

PLWM and its management have not been involved in administrative enforcement proceedings.

Self-Regulatory Organization Enforcement Proceedings

PLWM and its management have not been involved in any self-regulatory organizational enforcement proceedings that are material to a Client's or prospective Client's evaluation of PLWM or the integrity of its management.

Item 10: Other Financial Industry Activities and Affiliations

Broker-Dealer or Representative Registration

PLWM is not registered as a broker-dealer, however IARs Jeffrey Catheral and John Williamson are registered representatives of broker-dealer Alexander Capital.

Futures or Commodity Registration

Neither PLWM nor its affiliated representatives are registered or have an application pending to register as a futures commission merchant, commodity pool operator, or a commodity trading advisor.

Material Relationships Maintained by this Advisory Business and Conflicts of Interest

Christine Pickering's husband, Jeffrey Pickering, is a licensed insurance broker, a licensed mortgage broker, and owner of Penny Lane Financial, LLC. Clients will be referred to Mr. Pickering and/or Penny Lane Financial, LLC for insurance products and services, or mortgage services.

This practice represents a conflict of interest because it gives an incentive to recommend products based on the commission amount received. This conflict is mitigated by disclosures, procedures and the firm's fiduciary obligation to place the best interest of the Client first and the Clients are not required to purchase any products. PLWM owes the Client a fiduciary duty to put the Client's interest first which includes, but is not limited to, a duty of care, loyalty, obedience, and utmost good faith. Clients have the option to purchase these products through another insurance agent of their choosing.

Recommendations or Selections of Other Investment Advisors and Conflicts of Interest

Clients placed with TPMs will be billed in accordance with the TPM's fee schedule which will be disclosed to the Client prior to signing an agreement. When referring Clients to a TPM, the Client's best interest will be the main determining factor of PLWM. PLWM ensures that before selecting other advisors for Client that the other advisors are properly licensed or registered as an investment advisor.

These practices represent conflicts of interest because PLWM is paid a Fee for recommending the TPMs and may choose to recommend a particular TPM based on the fee

PLWM is to receive. This conflict is mitigated by disclosures, procedures and the firm's fiduciary obligation to act in the best interest of her Clients. Clients are not required to accept any recommendation of TPMs given by PLWM and have the option to receive investment advice through other money managers of their choosing.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics Description

The affiliated persons (affiliated persons include employees and/or independent contractors) of PLWM have committed to a Code of Ethics ("Code"). The purpose of our Code is to set forth standards of conduct expected of PLWM affiliated persons and addresses conflicts that may arise. The Code defines acceptable behavior for affiliated persons of PLWM. The Code reflects PLWM and its supervised persons' responsibility to act in the best interest of their Client. PLWM owes the Client a fiduciary duty to put the Client's interest first which includes, but is not limited to, a duty of care, loyalty, obedience, and utmost good faith.

One area which the Code addresses is when affiliated persons buy or sell securities for their personal accounts and how to mitigate any conflict of interest with our Clients. We do not allow any affiliated persons to use non-public material information for their personal profit or to use internal research for their personal benefit in conflict with the benefit to our Clients.

PLWM's policy prohibits any person from acting upon or otherwise misusing non-public or inside information. No advisory representative or other affiliated person, officer or director of PLWM may recommend any transaction in a security or its derivative to advisory Clients or engage in personal securities transactions for a security or its derivatives if the advisory representative possesses material, non-public information regarding the security.

PLWM's Code is based on the guiding principle that the interests of the Client are our top priority. PLWM's officers, directors, advisors, and other affiliated persons have a fiduciary duty to our Clients and must diligently perform that duty to maintain the complete trust and confidence of our Clients. When a conflict arises, it is our obligation to put the Client's interests over the interests of either affiliated persons or the company.

The Code applies to "access" persons. "Access" persons are affiliated persons who have access to non-public information regarding any Clients' purchase or sale of securities, or non-public information regarding the portfolio holdings of any reportable fund, who are involved in making securities recommendations to Clients, or who have access to such recommendations that are non-public.

PLWM will provide a copy of the Code of Ethics to any Client or prospective Client upon request.

Investment Recommendations Involving a Material Financial Interest and Conflict of Interest

PLWM and its affiliated persons do not recommend to Clients securities in which we have a material financial interest.

Advisory Firm Purchase of Same Securities Recommended to Clients and Conflicts of Interest

PLWM and its affiliated persons may buy or sell securities that are also held by Clients. In order to mitigate conflicts of interest such as trading ahead of Client transactions, affiliated persons are required to disclose all reportable securities transactions as well as provide PLWM with copies of their brokerage statements.

The Chief Compliance Officer of PLWM is Christine Pickering. She reviews all trades of the affiliated persons each quarter. The personal trading reviews ensure that the personal trading of affiliated persons does not front run or disadvantage trading for Clients.

Client Securities Recommendations or Trades and Concurrent Advisory Firm Securities Transactions and Conflicts of Interest

PLWM does not have a material financial interest in any securities being recommended. However, affiliated persons may buy or sell securities at the same time they buy or sell securities for Clients. In order to mitigate conflicts of interest such as front running, affiliated persons are required to disclose all reportable securities transactions as well as provide PLWM with copies of their brokerage statements.

The Chief Compliance Officer of PLWM is Christine Pickering. She reviews all trades of the affiliated persons each quarter. The personal trading reviews ensure that the personal trading of affiliated persons does not front run or disadvantage trading for Clients.

Item 12: Brokerage Practices

Factors Used to Select Broker-Dealers for Client Transactions

PLWM does not recommend the use of a particular broker-dealer and utilizes the broker-dealer required by the TPM. The TPM utilized by PLWM uses Schwab as the custodian for managed Client assets.

- *Directed Brokerage*
PLWM does not allow directed brokerage accounts.
- *Brokerage for Client Referrals*
PLWM does not receive Client referrals from any custodian in exchange for using that broker-dealer.
- *Best Execution*
Investment advisors who manage or supervise Client portfolios have a fiduciary obligation of best execution. PLWM does not manage Client accounts.
- *Soft Dollar Arrangements*
PLWM does not receive soft dollar benefits.

Aggregating Securities Transactions for Client Accounts

PLWM does not trade in Client accounts therefore aggregation of securities transactions is not applicable.

Item 13: Review of Accounts

Schedule for Periodic Review of Client Accounts or Financial Plans and Advisory

Persons Involved

Account reviews are performed quarterly by the Chief Compliance Officer of PLWM, Christine Pickering. Account reviews are performed more frequently when market conditions dictate. Reviews of Client accounts include, but are not limited to, a review of Client documented risk tolerance, adherence to account objectives, investment time horizon, and suitability criteria, reviewing target allocations of each asset class to identify if there is an opportunity for rebalancing, and reviewing accounts for tax loss harvesting opportunities.

Financial plans are updated as requested by the Client and pursuant to a new or amended agreement.

Review of Client Accounts on Non-Periodic Basis

Other conditions that may trigger a review of Clients' accounts are changes in the tax laws, new investment information, and changes in a Client's own situation.

Content of Client Provided Reports and Frequency

Clients receive written account statements no less than quarterly for managed accounts. Account statements are issued by the Client's custodian. Client receives confirmations of each transaction in account from custodian and an additional statement during any month in which a transaction occurs. PLWM doesn't provide any additional reports to Clients.

Item 14: Client Referrals and Other Compensation

Economic Benefits Provided to the Advisory Firm from External Sources and Conflicts of Interest

PLWM receives a portion of the annual management fees collected by the TPM(s) to whom PLWM refers Clients.

This situation creates a conflict of interest because PLWM and/or its Investment Advisor Representative have an incentive to decide what TPMs to use because of the higher referral fees to be received by PLWM. However, when referring Clients to a TPM, the Client's best interest will be the main determining factor of PLWM. PLWM owes the Client a fiduciary duty to put the Client's interest first which includes, but is not limited to, a duty of care, loyalty, obedience, and utmost good faith.

Advisory Firm Payments for Client Referrals

PLWM does not compensate for Client referrals.

Item 15: Custody

Account Statements

All assets are held at qualified custodians, which means the custodians provide account statements directly to Clients at their address of record at least quarterly. Clients are urged to carefully compare the account statements received directly from their custodians to any documentation or reports prepared by PLWM or TPM. Clients should also compare custodial statements with the invoices sent to the Client.

Item 16: Investment Discretion

Discretionary Authority for Trading

PLWM does not manage securities accounts on behalf of Clients.

Item 17: Voting Client Securities

Proxy Votes

PLWM does not vote proxies on securities. Clients are expected to vote their own proxies. The Client will receive their proxies directly from the custodian of their account or from a transfer agent.

When assistance on voting proxies is requested, PLWM will provide recommendations to the Client. If a conflict of interest exists, it will be disclosed to the Client. If the Client requires assistance or has questions, they can reach out to the investment advisor representatives of the firm at the contact information on the cover page of this document.

Item 18: Financial Information

Balance Sheet

A balance sheet is not required to be provided to Clients because PLWM does not serve as a custodian for Client funds or securities and PLWM does not require prepayment of fees of more than \$500 per Client and six months or more in advance.

Financial Conditions Reasonably Likely to Impair Advisory Firm's Ability to Meet Commitments to Clients

PLWM has no condition that is reasonably likely to impair our ability to meet contractual commitments to our Clients.

Bankruptcy Petitions during the Past Ten Years

PLWM has not had any bankruptcy petitions in the last ten years.

Item 3 - Disciplinary Information

Ms. Pickering **has never been** involved in a criminal or civil action in a domestic, foreign or military court of competent jurisdiction for which she:

- Was convicted of, or pled guilty or nolo contendere (“no contest”) to (a) any felony; (b) misdemeanor that involved investments or an investment-related business, fraud, false statement or omissions, wrongful taking of property, bribery, perjury, counterfeiting, or extortion; or (c) a conspiracy to commit any of these offenses;
- Is the named subject of a pending criminal proceeding that involves an investment-related business, fraud, false statements or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, extortion, or a conspiracy to commit any of these offenses;
- Was found to have been involved in a violation of an investment-related statute or regulation; or
- Was the subject of any order, judgement or decree permanently or temporarily enjoining, or otherwise limiting, her from engaging in any investment related activity, or from violating any investment-related statute, rule, or order.

Ms. Pickering **has never** had an administrative proceeding before the SEC, any other federal regulatory agency, any state regulatory agency, or any foreign financial regulatory authority in which she:

- Was found to have caused an investment-related business to lose its authorization to do business; or the subject of an order by the agency or authority;
- Was found to have been involved in a violation of an investment-related statute or regulation or was the subject of an order by the agency or authority (a) denying, suspending or revoking the authorization of the supervised person to act in an investment-related business; (b) barring or suspending her association with an investment-related business; (c) otherwise significantly limiting her investment-related activities; or (d) imposing a civil money penalty of more than \$2,500 on her.

Ms. Pickering **has never been** the subject of a self-regulatory organization (SRO) proceeding in which she:

- Was found to have caused an investment-related business to lose its authorization to do business; or
- Was found to have been involved in a violation of the SRO's rules and was: (a) barred or suspended from membership or from association with other members or was expelled from membership; (b) otherwise significantly limited from investment-related activities; or (c) fined more than \$2,500.

Ms. Pickering **has not been** involved in any other hearing or formal adjudication in which a professional attainment, designation, or license of the supervised person was revoked or suspended because of a violation of rules relating to professional conduct.

Item 4 - Other Business Activities

Ms. Pickering's husband, Jeffrey Pickering, is a licensed insurance broker, a licensed mortgage broker, and owner of Penny Lane Financial, LLC. Clients will be referred to Mr. Pickering and/or Penny Lane Financial, LLC for insurance products and services, and mortgage services.

This practice represents a conflict of interest because it gives an incentive to recommend products based on the commission amount received. This conflict is mitigated by disclosures, procedures and the firm's fiduciary obligation to place the best interest of the Client first and the Clients are not required to purchase any products. Clients have the option to purchase these products through another insurance agent of their choosing.

Item 5 - Additional Compensation

Ms. Pickering does not receive any performance-based fees and does not receive any additional compensation for performing advisory services other than what is described in Item 5 of Part 2A.

Item 6 - Supervision

Ms. Pickering is the Chief Compliance Officer of PLWM. She is responsible for all supervision, formulation and monitoring of investment advice offered to Clients. She will adhere to the policies and procedures as described in the firm's Compliance Manual. Ms. Pickering supervises her own activities and is not supervised by anyone else. She can be reached at christinep@pennylanefinancial.com or 253-227-1951.
